

CARRIE BAILEE

Author Advocate Spoken Word Poet Speaker

Carrie Bailee is transforming the way the 'victim story' is told. By giving voice to her lived experience of trauma and abuse, Carrie provides hope, humour, honesty and inspiration through her writing, her speaking and her performing. By coming forward with her story, she is helping others step out of their shame and isolation and back into living a life with passion and purpose.

Memoir

SOLD. She was nine years old.

Carrie Bailee fled Canada and came to Australia when she was twenty. Once here she was assisted by a number of Australian women, and was ultimately encouraged to apply for refugee status in order to stay in this country. So began her battle to be granted asylum in Australia. Carrie stood before the Refugee Review Tribunal and revealed the dark underbelly of child sexual abuse and organised crime rings in our privileged, first-world neighbourhoods. This is the story of one young woman's heroic journey to survive, escape and soar above her shocking childhood experiences, and her powerful struggle for freedom and a beautiful life in Australia
